

WELCOME!

Welcome to Flourish Acupuncture & Healing Arts! Your initial appointment will last 2 hours, with follow-up appointments lasting approximately 90 minutes. While it is possible to get significant results after one or two treatments, most cases take longer. In general, the longer you have not been feeling well, the longer it takes to treat. I typically suggest starting your treatment plan with one treatment per week for 3 to 5 weeks, and then having an open discussion with you about continued treatments based on your progress and feedback. Once you are stabilized, it is suggested to come in for a "Tune Up" treatment with the change of each season. The idea is to get you in balance, and then keep you there. We will discuss your particular plan further during each treatment. For your comfort, we suggest wearing loose fitting, comfortable clothing during your session.

The cost of the initial treatment is \$165, subsequent treatments are \$130, plus the cost of any herbs or supplements if prescribed. Payment in the form of cash or check is preferred, though all major credit cards are accepted for your convenience with a 5% fee on all credit and debit card transactions except HSA and Flex Spending cards.

If for some reason you need to change or cancel appointment times, please allow 24 hours notice. The Cancellation Fee within 24 hours is \$50. Completely missing the appointment without any notification is charged the full amount of \$130/\$165. This allows for our best availability and care for all of our patients.

Should you have any questions, please contact us at (678) 622-0001. We look forward to meeting you!

In Wellness,

Tamara Clarke, L.Ac., Dipl. OM

PATIENT INFORMATION AND CONSENT FORM

WHAT IS ACUPUNCTURE?

Acupuncture is a form of therapy in which fine needles are inserted into specific points on the body.

WHAT IS THE ROLE OF ACUPUNCTURIST IN GEORGIA?

The Georgia Code 360-6-.16 states that an acupuncturist is not licensed to practice medicine in the State of Georgia. Accordingly, an acupuncturist is not able to make a medical diagnosis of the person's disease. Therefore, if you are seeking to obtain a medical diagnosis, then you should see a licensed physician and seek medical advice from a licensed physician.

DOES ACUPUNCTURE HAVE SIDE EFFECTS?

Acupuncture is generally very safe.

- Serious side effects are rare – less than one per 10,000 treatments
- Drowsiness occurs after treatment in a small number of patients
- Minor bleeding or bruising occurs after acupuncture in about 3% of treatments.
- Pain during treatment occurs in about 1% of treatments.
- Symptoms can get worse after treatment (less than 3% of patients). You should tell your acupuncturist about this, but it is usually a good sign.
- Fainting can occur in certain patients, particularly at the first treatment.

In addition, if there are particular risks that apply in your case, your practitioner will discuss these with you.

IS THERE ANYTHING YOUR PRACTITIONER NEEDS TO KNOW?

- If you have ever experienced a seizure, dizziness, or fainting episode
- If you have a pacemaker or any other electrical implants
- If you have a bleeding disorder
- If you are taking anti-coagulants or any other medications
- If you have damaged heart valves or have any other particular risk of infection

SINGLE-USE, STERILE, DISPOSABLE NEEDLES ARE USED BY ACUPUNCTURISTS.

STATEMENT OF CONSENT

I am seeking to be treated with acupuncture for the condition of _____. I confirm that I have read and understood the above information and I consent to having acupuncture treatment. I understand that I can refuse treatment at any time.

COVID-19 INFORMED CONSENT TO TREAT

I understand that the novel Coronavirus (COVID-19) has been declared a global pandemic by the World Health Organization (WHO). I further understand that COVID-19 is extremely contagious and may be contracted from various sources. I understand COVID-19 has a long incubation period during which carriers of the virus may not show symptoms and still be contagious.

I understand that I am the decision maker for my health care. Part of this office's role is to provide me with information to assist me in making informed choices. This process is often referred to as "informed consent" and involves my understanding and agreement regarding recommended care, and the benefits and risks associated with the provision of health care during a pandemic. Given the current limitations of COVID-19 virus testing, I understand determining who is infected with COVID-19 is exceptionally difficult.

To proceed with receiving care, I confirm and understand the following (Initial in all seven places provided)

**Initial
Below**

- I understand my treatment may create circumstances, such as the discharge of respiratory droplets or person-to-person contact, in which COVID-19 can be transmitted. _____
- I understand that I am opting for an elective treatment that may not be urgent or medically necessary, and that I have the option to defer my treatment to a later date. However, while I understand the potential risks associated with receiving treatment during the COVID-19 pandemic, I agree to proceed with my desired treatment at this time. _____
- I understand due to the frequency of appointments with patients, the attributes of the virus, and the characteristics of procedures, I may have an elevated risk of contracting COVID-19 simply by being in a health care office. _____
- I confirm I am not experiencing any of the following symptoms of COVID-19 that are listed below:

*Fever	*Dry Cough	*Sore Throat
*Shortness of Breath	*Runny Nose	*Loss of Taste or Smell

- I understand travel increases my risk of contracting and transmitting the COVID-19 virus. I verify that I have NOT in the past 14 days I have not traveled: 1) Outside of the United States to countries that have been affected by COVID-19; or 2) Domestically within the United States by commercial airline, bus, or train. _____
- I am informed that you and your staff have implemented preventative measures intended to reduce the spread of COVID-19. However, given the nature of the virus, I understand there may be an inherent risk of becoming infected with COVID-19 by proceeding with this treatment. I hereby acknowledge and assume the risk of becoming infected with COVID-19 through this elective treatment and give my express permission to you and the staff at your offices to proceed with providing care. _____
- I have been offered a copy of this consent form. _____

I KNOWINGLY AND WILLINGLY CONSENT TO THE TREATMENT WITH THE FULL UNDERSTANDING AND DISCLOSURE OF THE RISKS ASSOCIATED WITH RECEIVING CARE DURING THE COVID-19 PANDEMIC. I CONFIRM ALL OF MY QUESTIONS WERE ANSWERED TO MY SATISFACTION.

I HAVE READ, OR HAVE HAD READ TO ME, THE ABOVE COVID-19 RISK INFORMED CONSENT TO TREAT. I APPRECIATE THAT IT IS NOT POSSIBLE TO CONSIDER EVERY POSSIBLE COMPLICATION TO CARE. I HAVE ALSO HAD AN OPPORTUNITY TO ASK QUESTIONS ABOUT ITS CONTENT, AND BY SIGNING BELOW, I AGREE WITH THE CURRENT OR FUTURE RECOMMENDATION TO RECEIVE CARE AS IS DEEMED APPROPRIATE FOR MY CIRCUMSTANCE. I INTEND THIS CONSENT TO COVER THE ENTIRE COURSE OF CARE FROM ALL PROVIDERS IN THIS OFFICE FOR MY PRESENT CONDITION AND FOR ANY FUTURE CONDITION(S) FOR WHICH I SEEK CARE FROM THIS OFFICE.

This Clinic Protects Your Health Information and Privacy

Dear Valued Patient,

This notice describes our office's policy for how medical information about you may be used and disclosed, how you can get access to this information, and how your privacy is being protected.

In order to maintain the level of service that you expect from my office, we may need to share limited personal medical and financial information with your insurance company with Worker's Compensation (and your employer as well in this instance), or with other medical practitioners that you authorize.

Safeguards in place at our office include:

- Limited access to facilities where information is stored.
- Policies and procedures for handling information.
- Requirements for third parties to contractually comply with privacy laws.

Types of information that we gather and use:

In administering your health care, we gather and maintain information that may include non-public personal information.:

- About your financial transactions with us (billing transactions).
- From your medical history, treatment notes, all test results, and any letters, faxes, emails or telephone conversations to or from other health care practitioners.
- From health care providers, insurance companies, workman's comp and your employer, and other third part administrators (*e.g.* requests for medical records, claim payment information).

We value our relationship, and respect your right to privacy. If you have questions about these privacy guidelines, please call us during regular business hours at (678) 622-0001.

Sincerely,

Tamara Clarke, L.Ac., Dipl. OM
